APEX – LIGHT AND EASY...

Perfect for Smaller Tow Vehicles

Pack up, back up, hitch up and go. Apex Ultra Lights are perfect for towing with half ton trucks and SUVs for optimized fuel efficiency. All Apex floor plans are designed with rich, warm interiors, contemporary cabinetry, fabrics and flooring. Apex travel trailers and hybrid expandables are built incredibly lightweight and durable, with fully laminated, aluminum framed sidewalls, floor and roof.

Lightweight Durability! – APEX CONSTRUCTION

Apex is constructed with AZDEL vacuum bonded composite panels. AZDEL is 50% lighter than wood, increases insulation value, and won’t rot, mold or sustain water damage for years of trouble free camping.

APEX IS TRA GOLD LEVEL RATED.

As a certified green RV, APEX utilizes effective production techniques in combination with healthy materials, plus efficient usage of energy and water to produce a high quality RV with less environmental impact.

These Ultra-Light Travel Trailers are designed for towing with today’s half-ton trucks and SUVs, with weights ranging from under 3,000 to 6,000 lbs.

288BHS This comfortable single slide features seamless countertops, a double bowl stonecast sink, a large dinette, plenty of windows for natural light and hard bedroom privacy doors. Shown in Pebble decor.
This convenient outside kitchen includes a Coleman grill, large refrigerator, plumbed sink, gooseneck faucet and additional storage for outdoor grilling at its best! It’s standard on 215RBK and 300BHS models.

There’s abundant storage in this spacious walk-in pantry.
The family-friendly, 269RBSS is a spacious, dual slide model that features both a private bedroom and is shown with an optional Hide-a-bed sofa. Standards include a double bowl island sink, a convenient walk-in pantry and a spacious dinette. This Summit Package model is shown in Cayenne Shadow decor.
This storage friendly super-lightweight Nano 191RBS features a curved ceiling, large kitchen counter space, pantry, double bowl sink, walk-around bed, full length wardrobes, plus a generous bathroom wardrobe.

187RB
The super-lightweight **Nano 15X** is a comfortable home base for memorable family outings in the fresh air! Features include large windows, a double entry step, a 12’ power awning and 14” tires.

This **Expandable Nano 15X** features dual queen beds, plenty of storage and a spacious kitchen. Shown in Latte decor.
**Estimated average based on standard built-in optional equipment**

- The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
- Each pound you add will reduce the available CCC. To ensure your load is lightweight and safe, we highly recommend following the CCC recommendations provided in your owners manual.

**CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional options, and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs. per gallon), before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**GVWR (Gross Vehicle Weight Rating)** - is the maximum permissible weight of the unit when fully loaded. It includes all weight at the unit’s axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, optional equipment, and accessories that can be safely supported by a combination of all axles.

**UVW (Unloaded Vehicle Weight)** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit’s axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, optional equipment, and accessories.

**GAWR (Gross Axle Weight Rating)** - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

Learn More
Scan this barcode using a QR Reader on your smart phone to learn more about Forest River.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
4) Scheduling timely warranty repairs and adjustments through a local dealership provides for greater flexibility and convenience to you, the customer!

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. ©2015 Coachmen RV a Division of Forest River, Inc., A Berkshire Hathaway company.
