

EXTERIOR FEATURES AND BENEFIT - Mirada Select

Noble Select	Protected by a three-year warranty, these sidewalls have a high-gloss gelcoat finish to prevent fading. They are also 20% lighter than wood substrate sidewalls, provide more occupant cargo carrying capacity, and offer three times the insulation against extreme climates.
Azdel Composite	Most manufacturers use wood sidewalls that can expand, swell, and eventually mold. We use Azdel. It's impervious to water, won't rot or mold, and, with less than a 1% chance of delaminating, it ensures the long-term integrity of the sidewalls.
Reinforced Lamination	We vacuum bond and pinch roll every sidewall, roof and floor, then perform a pull adhesion test. Most manufacturers just do one process or the other, but by doing both we improve the strength and longevity of the sidewalls
Tread Lite Power Step	The double TREAD LITE power step has lightweight aluminum step treads, automatically extends and retracts quickly and features obstruction-sensing technology that stops deployment if any obstructions are encountered.
Exterior Entertainment System	Every Mirada Select comes standard with a 32" Samsung Exterior TV and Samsung DVD Blu-Ray player for tailgating and nighttime family movie time!
Elongated Wheelbase	We offer longer wheelbases than other motorhome manufacturers because that means superior weight distribution. The result? Better handling and a smoother ride that results in less driver fatigue.
Sight Rite Dash	Our dashes are angled 20 degrees forward. This increases the line of sight for the driver, and offers the best road visibility on the market
One-Piece Fiberglass Roof	The Mirada Select is equipped with a ONE PIECE pebble-grain fiberglass laminated roof, which allows better traction while maintaining the coach.
Sikkens Paint	Six Coats of paint are applied to every Mirada Select. The Sikkens paint is a high end automotive paint that never fully dries which eliminates the possibility of cracking. Clear Coat is added to protect the paint from UV rays and other factors. Diamond Shield is applied to the front of the coach to protect from rock chips and other damage.

INTERIOR FEATURES AND BENEFIT

Alterna Tile Flooring	Alterna Tile Flooring runs throughout the coach. This flooring has the appearance of tile but is flexible and will not expand or contract which prevents fading or gapping. The flooring is slip, stain and cold crack resistance.
Samsung Televisions	SAMSUNG televisions are standard in the Living Room, Bedroom and Optional in the Front overhead. While most manufacturers use off-brand, we go a step farther and match each TV with a SAMSUNG DVD player
Salon Bunk Option	The VERY popular SALON BUNK is optional on every Mirada Select floor plan. Easily drops down into a bunk with a 600 lb. rating or can be used as extra storage like a dropdown pantry! Great place to store valuables and can be locked for security
Solar Privacy Shades	The front windshield has a POWERED Solar and Privacy screen and manual ones are installed throughout the entire coach. The night shades block out all sunlight and both shades reflect UV rays keeping the Mirada Select cooler in the summers
Williamsburg Furniture	Upgraded and very fashionable furniture packages are standard in every Mirada Select. The designer Nail Heads on the sofa are also complemented / incorporated into the bedroom headboards
Solid Surface Counter Tops	LG HI-MACS counters are placed in the galley and dining table. These counters are resistant to mold and bacteria growth. They are also easier to clean and more resistant to heat sensitivity than laminate counter tops.
Chef's Choice Galley	The Galley has a flush sink and stove with solid surface covers allowing for more counter space. The pop-up recept provides more electrical outlets for kitchen appliances and other electronics
Soft Touch Vinyl Ceiling	The vinyl padded ceiling is great for aesthetics and sound "insulation". LED lights throughout are much more efficient and cool to the touch. Over the driver seat is where you'll find the King Jack Television antenna as well, which will pull in many digital channels
