

EXTERIOR FEATURES AND BENEFIT - Pursuit

Noble Select	Protected by a three-year warranty, these sidewalls have a high-gloss gelcoat finish to prevent fading. They are also 20% lighter than wood substrate sidewalls, provide more occupant cargo carrying capacity, and offer three times the insulation against extreme climates.
Azdel Composite	Most manufacturers use wood sidewalls that can expand, swell, and eventually mold. We use Azdel. It's impervious to water, won't rot or mold, and, with less than a 1% chance of delaminating, it ensures the long-term integrity of the sidewalls.
Reinforced Lamination	We vacuum bond and pinch roll every sidewall, roof and floor, then perform a pull adhesion test. Most manufacturers just do one process or the other, but by doing both we improve the strength and longevity of the sidewalls
Tread Lite Power Step	The TREAD LITE power step has lightweight aluminum step treads, automatically extends and retracts quickly and features obstruction-sensing technology that stops deployment if any obstructions are encountered.
Exterior Entertainment System	The optional Exterior Entertainment system comes with a 32" or 50" exterior TV depending on floorplan and DVD player for tailgating and nighttime family movie time!
Elongated Wheelbase	We offer longer wheelbases than other motorhome manufacturers because that means superior weight distribution. The result? Better handling and a smoother ride that results in less driver fatigue.
Sight Rite Dash	Our dashes are angled 20 degrees forward. This increases the line of sight for the driver, and offers the best road visibility on the market
One-Piece TPO Roof	The Pursuit is equipped with a TPO roof which comes with a 12 year warranty on the skin. The skin is 36% lighter than competitive membranes and is easier to repair in case of damage.
Digital Owner's Manual	Our owner's manuals are easy to access through the Coachmen website or our free app. Supplemented with videos, PowerPoints, and more it's got all you need to know about your coach.

INTERIOR FEATURES AND BENEFIT

Beauflor Flooring	Laminated Beauflor runs throughout the coach. This floor is glued down and is slip, stain and cold cracking resistant. The absence of carpet allows for lower maintenance.
Soft Close Drawer Guides	The locking mechanism on the drawers decrease the chance of drawers flying open while in transit and prevent slamming and damage
Drop Down Bunk	The VERY popular drop down bunk is standard on every plan. The drop down bunk can hold up to 300 lbs. and can be used for extra sleeping or storage since it does not have to be all the way down in order to use it. The depth and length allows for adults and kids of all sizes to fit
Solar Privacy Shades	Solar privacy shade blocks out all sunlight and UV Rays allowing for privacy at night and a cooler coach in warmer climates.
Williamsburg Furniture	Upgraded and very fashionable furniture packages are standard in every Pursuit. Each sofa folds into a bed allowing for additional sleeping.
Chef's Choice Galley	The galley has a stainless steel sink and tile backsplash which not only look attractive but also are easier to clean and maintain than wallboard or plastic sinks.
