

YOUR GUIDE TO SUCCESS WITH THE GALLERIA CLASS B by COACHMEN RV – The Leader to the Great Outdoors!

The most comprehensive Class B Training Manual in the Class B segment!

Coachmen RV

LEADER TO THE GREAT OUTDOORS

DID YOU KNOW? COACHMEN RV PRODUCTS HAVE BEEN ON U.S. ROADS AND HIGHWAYS SINCE 1964!

- **COACHMEN RV...** Is built upon a simple principle “**Dedicated to the enrichment of your life.**” By providing you with long term value through all that we do, our focus is on delivering a product with superior value and backing it through superior service and support. Once you become a Coachmen owner, we are committed to enhancing your Coachmen RV ownership and lifestyle experience... creating friends for life and memories that will last a lifetime. At Coachmen RV you will find a rich history of commitment from our Team Members. This commitment extends to our owners and in the pride we have for our brand. The close relationship that we share with our owners and our dealers is a quality that others have been trying to mimic over our 50 year history. Our goals and principles remain well in focus. We create customers for life.
- **OUR HISTORY...**The first Coachmen RV products were manufactured in a 5,000 square foot plant in downtown Middlebury, Indiana, by Coachmen Industries, a company founded by three brothers: Tom, Keith and Claude Corson. Coachmen’s first year of production totaled 12 travel trailers, a single truck camper and 80 truck caps. Since then, over three quarters of a million Coachmen Recreational Vehicles have been produced and sold.
- **FOREST RIVER INC...**In December of 2008, Coachmen RV became a proud brand of Forest River, Inc., a Berkshire Hathaway company. Today, Coachmen RV, a division of Forest River, Inc., is headquartered in Middlebury, Indiana, with our primary manufacturing facilities occupying over 220 acres with more than 23 acres under roof serving as dedicated manufacturing facilities for Coachmen branded Class A Motorhomes, Class B Motorhomes, Class C Motorhomes, Fifth Wheels and Travel Trailers. Our Camping Trailers are manufactured in our Centerville, Michigan, manufacturing facilities occupying 90 acres.
- **A BRAND YOU CAN TRUST...**Coachmen RV products have been on North American roads and in North American campgrounds since 1964. With over five decades of building recreational vehicles. Over 600,000 RVs built and sold we know how to design and build a reliable RV with exceptional value, dependable design, practical innovation and the comforts and features you desire.

Mercedes Benz 3500 Chassis

Warranties

Motorhome – 12 month/12,000 mile ltd.

Mercedes Benz 36 month/36,000 mile

Mercedes Benz Powertrain 60 month/100,000 mile

Coachmen RV and Mercedes have combined their decades worth of experience to introduce Galleria, a Class B Motorhome that offers the utmost in quality, luxury and value. The Galleria is built on the award winning 3500 Mercedes Sprinter extended platform with one of the cleanest running turbo-diesel "Blue TEC" engines on the market which delivers an impressive **188hp & 325 ft lbs.** of torque while still providing excellent fuel economy. Galleria uses high end components like the Truma Combi furnace/water heater system, 2500w Onan generator and maple cabinetry that is handcrafted by a local Amish cabinet shop with radius cabinet doors, soft close doors/drawers and custom trim.

- Mercedes 3.0L Turbo V6 Diesel
- 5-Speed Automatic Transmission
- Blind Spot Monitoring
- Lane Assist Sensor
- ESP-Electronic Stability Program
- Collision Avoidance Indicator
- Front Window & Side Airbags
- High Beam Assist
- Back-Up Camera
- Heated Side View Mirrors
- Heated Front Swivel Seats
- Multi Function Steering Wheel
- Xenon Head Lamps and Fog Lamps
- Head Lamp Washer
- 5,000 lb. Tow Hitch with 7-Pin Wiring Connector

GALLERIA COCKPIT-MERCEDES COMFORT AND STYLING

Fusion Infotainment System

- Garmin based navigation
- Large 9" digital display
- XM/Sirius radio, Wi-Fi, MP3
- Bluetooth, USB/SD Card slot
- Back-up camera monitor W/ NEW adjustable back up camera w/better field of view
- Continuous Software Updates through Fusion
- Fusion Stereo has capability to use back up camera as a trailering camera!

NEW! Dipped Dash Parts

- Radio bezel, shifter base and front door interior handle bezels all dipped in Hyrdo-Graphics.
- The only Class B with a shifter base with P-R-N-D indicator insert.
- Reflects the styling of the Sprinter chassis

NEW! Re-designed Front row and 2nd row Captain Chairs

- NEW! Embroidered and adjustable head rests on Front Row Seats and Mid Chairs
- **Child seat restraints in ALL 2nd row Captain Chairs!!!**
- Driver, Passenger and 2nd row captain chairs swivel 180 degrees.
- Re-moveable mid chair seating on 24Q and 24T
- Heated Front seats (controls on dash)
- 7 year hydrolysis Ultra Leather
- Self Leveling arms vs. manual leveling arms

NEW! No overhead above front row chairs

- In the past TALL customers would have to get out of their coach through the driver or passenger doors only to come through the sliding passenger door
- Picture shown with upgraded and insulated window covers for Front/Driver and Passenger windows
- Visually makes the coach appear more spacious
- No more customers hitting their head on the overhead

NEW! FIREFLY MULTI PLEX WIRING-CONVIENENCE!

- Control all coach lighting from the push of a button
- No more searching for light switches
- Customer can set the lighting to their preferences inside the coach
- While Multi-Plex Wiring is beneficial for convenience this technology cuts down on the amount of wire used and connections vs. a coach without Multi-Plex wiring

- Select the POWER setting and you will find our new feature of AGS or Auto Gen. Start
- This function allows you to pre-program your generator run time and your generators quiet time
- **The Auto Gen Start function also allows the customer to pre-program the generator to Auto Start at the customers desired temperature. This feature is great for those that travel with pets and have to leave them in the coach without the worry of their pets getting too hot**
- The Auto Gen Start function also allows the customer to pre-program the generator to start if the coach batteries voltage draws down to a certain level
- All of the above are customizable to your customers needs and camping preferences

- Convenient 2nd Multi-Plex Control panel (Coach Lighting Only) in rear of coach
- No more searching for light switches in the middle of the night

- Even our Climate Control functions are through your Fire Fly Multi-Plex System
- This allows for more accurate control of your heating and cooling of the customers coach
- Added convenience of having both your HEAT and AC controls at your fingertips

NEW CONTROL PANEL LAYOUT AND FEATURES

NEW! Xantrex Freedom X Remote Panel- Allows you to control and monitor your Xantrex 2000W Pure Sine Wave Invertor

Truma CP Plus Control for Truma Combi Eco Plus

NEW! Battery Disconnect with USE and STORE setting

NEW! Go Power Solar Charger

- Pre-Set to AGM from Factory
- Pre-Set to Lithium (Li3 Option) from factory

Xantrex Freedom X Remote Panel-KNOWLEDGE IS POWER!

The Freedom X Remote Panel for your Xantrex Invertor Charger enables you to control and monitor the invertor from a convenient location and read important power supply information.

- Allows the customer to monitor in real time AC IN/OUT Voltage and current
- Allows the customer to monitor NEW! 330 AMP HOUR RELION AGM Battery
- Allows the customer to monitor their inverters percentage status bar for invertor AC output
 - Signals any Fault or Error Codes

GALLERIA Custom Hardwood Cabinetry-NO COMPARISON!

Unmatched Craftsmanship, High End Hardwood Materials, High End Residential Drawer Guides

Curved Solid Hardwood Doors

- **NEW! 90 SHEEN HIGH GLOSS**
- 7 Ply 3/4" Curved Solid Maple Hardwood over head doors with hardwood veneer
- All cabinetry stiles are 3/4" solid North American Maple hardwood
- Not Lumber Core wrapped vinyl stiles
- Not MDF vinyl wrapped doors like ROAD TREK!

High End Residential Cabinet Components

- **NEW! True Residential drawer guides.** Not the cheap Travel Trailer 80lb. ball bearing drawer guides
- This drawer hardware will ensure your drawers will operate smoothly and hold up to the rigors of the road for the life of your coach.
- 7 Ply 5/8" DOMESTIC FURNITURE GRADE PLYWOOD-NOT FOUND IN THE RV SEGMENT!

True English Dove Tail drawer Construction

- 5/8" Western Aspen ENGLISH DOVE TAIL DRAWERS
- Superior construction and materials ensure your Galleria's cabinetry will last vs. competitions cabinetry

NEW! Redesigned Shirt Locker

- **NEW! Custom pull out make-up drawer** in shirt locker.
- Additional functional storage and convenience
- N/A in any other Class B on the market
- **NEW! Mirror** behind drawer of shirt locker
- While someone is in the shower, someone can still get ready. Acts as a 1/2 bath
- Pre-Finished adjustable shelves

GALLERIA Kitchen/Cabinetry/Storage-INDUSTRY LEADING CABINETRY QUALITY!

NEW! Residential Sink and High Rise Faucet

- **NEW!** Residential high rise faucet. Easier to use, less warranty, can fill larger pots with water.
- **NEW!** Residential 12" round under mount sink with solid surface sink cover

NEW! Re-designed overhead cabinetry

- **NEW!** 90 sheen HIGH GLOSS FINISH!
- **NEW!** Larger overhead storage locations
- Allows for storage of larger items than in the past.

Trash Can Storage

- Every Galleria has dedicated trash can storage in the kitchen base cabinet
- Also has additional storage for paper towels and trash bag boxes.
- Very residential

NEW! Overhead cabinet design

- **NEW!** 1" lip at the bottom to keep items from falling out when you open the door
- **NEW!** Added felt lined cabinet bases for noise reduction

Unmatched Cabinetry Quality!

- ¾" Solid North American Maple Drawer Fronts
- Solid High Gloss Maple hardwood
- New residential drawer guides

NEW! Redesigned shirt locker

- **NEW!** Mirror and pull out drawer w/adjustable shelves
- This is a great place to be able to finish getting ready while someone else is in the shower.

GALLERIA Bedroom/Sofa-TRUE COMFORT IN STYLE!

NEW! REDESIGNED TRUE LAY FLAT SOFA/BED

- Increased Memory Foam for better sleeping and sitting comfort
- Added re-moveable headrests for additional comfort on long trips.
- **!!!Remove headrest to power sofa in the bed position!!!**
- 7 year hydrolysis Ultra Leather covering on all furniture
- 3 Seat Belts

2nd MULTI PLEX LIGHTING CONTROL NEXT TO BED

- Convenient location near bed
- No searching for light switches
- Controls Mood Lighting, Reading Lights, Accent lighting under overhead cabinets, dinette area lighting, bathroom lighting and porch lighting.
- All controlled from the comfort of your Sofa/Bed.
- Fixed to the wall so it can't be lost.

INDUSTRY FIRST TRUE "LAY FLAT POWER SOFA"

- True 180 degree LAY FLAT SOFA
- NO HUMPS / NO GAPS
- Increased memory foam
- Lay Flat Sofa Dimensions 68\"W x 76\"L
- **Must Remove Headrest to power sofa down (Store in rear overhead)**

DEDICATED CPAP LOCATION

- Place CPAP machine in Driver side overhead
- Run 110V plug down through overhead grommet
- Run CPAP hose down through overhead grommet
- No pinching of hoses
- Centrally located by bed

GALLERIA Bathroom-MORE FUNCTION vs. COMPETITION

NEW! Reconfigured Bathroom

- **NEW!** Shower Miser-Conserves your hot water!
- **NEW!** Large 18" Towel Bar
- Bathroom faucet with retractable shower head
- Chrome Soap/Shampoo Dispenser
- Mirror on Articulating Arm
- Sealed Toilet Paper Holder
- Frosted glass allows for additional lighting into coach
- Porcelain toilet with marine style foot flush
- Fiberglass shower surround vs. ABS
- 3 molded storage areas for bath items

The Benefit of Split Bathroom Doors

- Dry off/Changing Area
- Open both shower doors/close day night shades across from shower and you have an area to step out of the shower in privacy to dry off and change clothes vs. having to stay in the shower to dry off and change clothes.

GALLERIA SHOWERMISER-SAVE YOUR H2O!

AQUA VIEW INTRODUCES REVOLUTIONARY WATER SAVING SYSTEM FOR RV'S

Aqua View Inc. has introduced the SHOWERMISER, a new and revolutionary water saving system that attaches to the showerhead in RVs, boats and anything with a shower. It redirects cold water that normally goes down the drain back into the fresh water tank.

In under 4-seconds the SHOWERMISER shows when the hot water has arrived by using its unique and patent-pending color-changing technology. A shower is then ready to be taken and not a drop of cold clean water is wasted.

With this innovative system, called extended stay technology, you can increase your fresh and gray water tank capacities up to 40% without changing your tanks, **or adding weight!**

It redirects cold fresh clean water that normally goes down the drain back into the fresh water tank. This allows more time to enjoy camping.

SEE VIDEOS ON THE OPERATION OF YOUR SHOWERMEISER AT

<http://www.aquaviewinc.com/rv/>

TRUMA COMBI ECO PLUS FURNACE / HOT WATER HEATER

Truma Combi Eco Plus – The first forced-air combination furnace with integrated water heating function and with more than 20 years of reliable service in Europe and Australia. Truma Combi furnaces are the most energy-efficient and lightest heating systems on the market. They effectively combine warm air and hot water in one appliance. Truma Combi furnaces offer much more operating convenience by way of the digital control panel Truma CP plus.

Unique Features

- Near-silent operation
- Lightweight, space-saving solution
- Maintains constant temperature throughout RV
- Optional electric heating for furnace and water
- Highest available energy efficiency of more than 90%
- Program your timer to have hot water ready.

Be sure to let your customers know there are many videos available on YouTube on the operation of the Truma CP PLUS

XANTREX FREEDOM SW 2000W PURE SINE WAVE INVERTOR with 80 AMP CHARGER...POWER AT YOUR FINGERTIPS Now Standard on Galleria!

XANTREX FREEDOM SW 2000 PURE SINE WAVE INVERTOR and CHARGER XANTREX FREEDOM SW 2000 PRODUCT FEATURES

- Designed to power demanding loads such as microwave ovens, TVs, DVD players, small appliances and other electronic equipment
- Ignition lockout feature helps to minimize battery drain
- Automatic three-stage battery charger
- Designed to be hardwired using quick-connect AC terminal blocks or by connecting AC through GFCI receptacles (included)
- Built-in 30-amp relay to automatically transfer between inverter power and incoming AC utility power

XANTREX FREEDOM SW 2000 PRODUCT FEATURES

- Battery over-voltage and under-voltage protection
- Over-temperature shutdown
- Automatic overload protection
- Short-circuit protection
- Ground-fault protection
- ETL certified to UL458 for use in mobile RV and commercial application

NEW! RELION 330AMP HOUR AGM BATTERY

RELiON R4000 Dry Series, maintenance-free batteries, are designed to provide premium performance! **READY WHEN YOU ARE:** RELiON R4000 Dry Series are deep cycle batteries that deliver high capacity from the get-go. Unlike traditional lead-acid batteries that need to be “worked up” to increase capacity, these batteries give you the range or hours of operation you need right away.

HIGH PERFORMANCE IN LOW TEMPERATURES: Batteries don’t like cold temperatures, but RELiON R4000 Dry Series batteries deliver more capacity than traditional lead-acid batteries, even in extreme conditions.

FORGET ABOUT ACID: No need to worry about spills or acid-residue. You’ll never need to replace a corroded chassis or damaged floors due to acid spillage.

SAVE WATER AND WORRY: Using your batteries in a remote location? Is your access limited? Maintenance-free RELiON R4000 Dry Series batteries are perfect for applications where watering is easily neglected or very inconvenient. Traditional lead-acid batteries are subject to reduced performance or early failure if not watered regularly.

LOW SELF-DISCHARGE: RELiON R4000 Dry Series batteries are the ideal solution for infrequent or seasonal use since self-discharge is significantly less than traditional lead-acid batteries. Less frequent, if any, charging is needed during storage.

WE DON’T PASS GAS: Non-hazardous, clean RELiON R4000 Dry Series batteries emit no gasses during normal operation. They can be used safely near sensitive equipment or people.

INSTALLATION SENSATION: Thanks to their innovative design, RELiON R4000 Dry Series batteries can be installed upright or on their sides, making for flexible installation options in a variety of applications.

NEW! AGM 330AMP HOUR 8D BATTERY

- 8D 330AMP HOUR BATTERY DIMENSIONS: 20.8”x 11.1”x 9.8”
WEIGHT:182LBS
- 2 YEAR WARRANTY
- Power to ALL 110V outlets when coupled with our Standard Xantrex 2000W Pure Sine Wave Invertor without needing the generator
- Located under the rear of coach on the passenger side

ONAN MICRO-LITE 2.5kw LP GENERATOR

Released in 2012, this smooth-running generator is quiet (**quieter than US National Park Service standards**), lightweight and compact. Designed exclusively for truck campers, travel trailers and Class B vans, the new Cummins Onan RV QG 2500 LP let you enjoy all the comforts of your RV when you are away from a hookup. The 2.5kw LP Generator set will start and run one 13,5000 BTU high efficiency air conditioner (15.5 AMPS or LESS) plus a 600 watt base load with no additional watts available. In addition, they have a fully enclosed muffler with single-side service for easy maintenance. And to top it all off, their fuel-efficient, clean-burning engine operates on 0.4 gallons of gasoline or 1.6 pounds of LP per hour at half load.

Model: EX 21 Design: 4-cycle, single cylinder, OHC Displacement: 13.2 in³ (217 cm³) Compression ratio: 8.5:1 Power: 7.0 bhp. (max) at 3600 r/min Cooling: Pressurized air Cooling air volume: Includes engine cooling air volume 60 Hz: 300 ft³ /m (8.5 m³ /min) at 3600 r/min 50 Hz: 250 ft³ /m (7.1 m³ /min) at 3000 r/min Fuel system: (LP) electric fuel solenoid; automatic choke Combustion air: 60 Hz: 12.5 ft³ /m (0.35 m³ /min) at 3600 r/min 50 Hz: 10.4 ft³ /m (0.3 m³ /min) at 3000 r/min Ignition system: Breaker-less, electronic Starting system: Remote, 12 V, 3-wire negative ground; start-stop rocker switch on control; connector for remote start cable Lubrication: Splash lubrication Oil capacity: 0.6 qt. (0.63 L) Cylinder crankcase: Alloy aluminum with iron cylinder liner cast into the block Oil base: Aluminum Cylinder head: Alloy aluminum, removable

Warranty policy: This limited warranty covers virtually everything except routine maintenance for the first two years you own your RV generator set, and covers parts and labor on major power train and generator set parts during the third year. In addition, it also includes a free 90-day adjustment policy, which provides that Cummins Inc. will make minor adjustments during the first three months you own it - free of charge! Please note: This 3-year limited warranty applies to RV generator sets used in RV applications only, and does not apply to RV generator sets used in commercial mobile applications

ONAN MICRO-LITE 2.5kw LP GENERATOR INFO.

DO YOU KNOW THE ANSWER TO THIS COMMONLY ASKED GALLERIA QUESTION?

The courtesy light in the rear overhead has (3) settings

This selection keeps the rear courtesy light and the sliding door step light permanently ON at all times

This selection is the permanent OFF position for the rear courtesy light and the sliding door step light

This selection is for the rear courtesy light and step light to activate when any door is opened and will stay on for 20 seconds until it shuts off.

GALLERIA STANDARD FEATURES & OPTIONS

OPTION:LP COOKTOP

STANDARD: CONVECTION MICROWAVE

OPTION:SIDE SCREEN DOOR

STANDARD:PULL DOWN REAR SCREEN DOOR

OPTION:REAR STEP

STANDARD:CAREFREE POWER AWNING

OPTION:UPGRADED WINDOW COVERS

GALLERIA STANDARD INDUCTION COOKTOP

Feature: With induction cooking, energy is supplied directly to the cooking vessel by the magnetic field.

Benefit: Almost all of the source energy gets transferred to that vessel. Meaning 84% or more of the energy is used to cook.

- Built in safety functions
- Quick touch level selection
- Exact temperature settings
- Timer setting
- Two year limited warranty
- 1600 watt heating element

VS

- No built in safety functions
- No quick touch level selection
- Educated guess temperature settings
- No timer setting
- Two year limited warranty
- 1000 watts heating element

With propane gas or conventional electric cooking the energy is first converted to heat and only then directed to the cooking vessel. Much of this heat goes to waste, heating up your kitchen (and you) instead of heating your food. Less than half, approximately 40% of the energy in gas gets used to cook.
